### **What to expect when attending in person?**

- Our in-person services will be a physically-distanced gathering with a maximum of one-third the capacity in each of our auditoriums. Families and individuals will be asked to sit with three chairs between each party to abide by social distancing recommendations. Our usher teams will assist with the seating process prior to each service. Please be prepared to follow signs that direct where to enter and exit as well.

- Because of the reduced auditorium capacity, a reservation system has been created to ensure safety and social distancing. Entry into each campus will require a ticket for each individual in your party. Free tickets are reservable on our website. Once your ticket(s) is reserved, your name(s) will be added to our guest list for a quick, no-scanning entry process – just state your name to our usher or host.
- Lobby coffee and snacks are currently unavailable.
- All in attendance will be asked to wear a mask or face covering while inside our buildings.
